

Society of Women Engineers

2012 New England Region F Conference

When: Saturday, March 3, 2012

Where: MIT (Cambridge, MA)

Unlocking Global Opportunity: Connections and Innovations for the Future

Key Conference Events

Saturday morning	Keynote Breakfast
Saturday afternoon	Career Fair
Saturday evening	Reception and Keynote Dinner
Throughout the conference	Tours of MIT campus and laboratories

About the Conference

This year's theme is **UNLOCKING GLOBAL OPPORTUNITY: CONNECTIONS AND INNOVATIONS FOR THE FUTURE.**

Globalization plays an important role in today's society, and it is important for us to realize that we are working and competing in a global setting. We will be highlighting the technology and innovation that has allowed for communication without borders through keynote speakers, workshops, and other events.

We anticipate attendance of approximately 300 collegiate and professional members. The conference will offer workshops targeted towards both audiences.

About SWE National

The Society of Women Engineers (SWE), founded in 1950, is a not-for-profit educational and service organization. SWE is the driving force that establishes engineering as a highly desirable career aspiration for women. SWE empowers women to succeed and advance in those aspirations and be recognized for their life-changing contributions and achievements as engineers and leaders.

About SWE Region F

The Society of Women Engineers is divided into ten regions throughout the country. Region F, The New England region, covers Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, and eastern New York. It has over 800 professional members from 9 different sections. There are also collegiate members from the following schools:

Boston University

Brown University

Clarkson University

University of Connecticut

University of Hartford

UMass Amherst

UMass Dartmouth

UMass Lowell

University of Maine

Massachusetts Institute of Technology

University of New Hampshire

SUNY Institute of Technology
Utica/Rome

Northeastern University

Rensselaer Polytechnic Institute

University of Rhode Island

Trinity College

Tufts University

Union College

US Coast Guard Academy

University of Vermont

Wentworth Institute of Technology

Western New England College

Worcester Polytechnic Institute

Smith College

Dartmouth College

Norwich University

US Military Academy

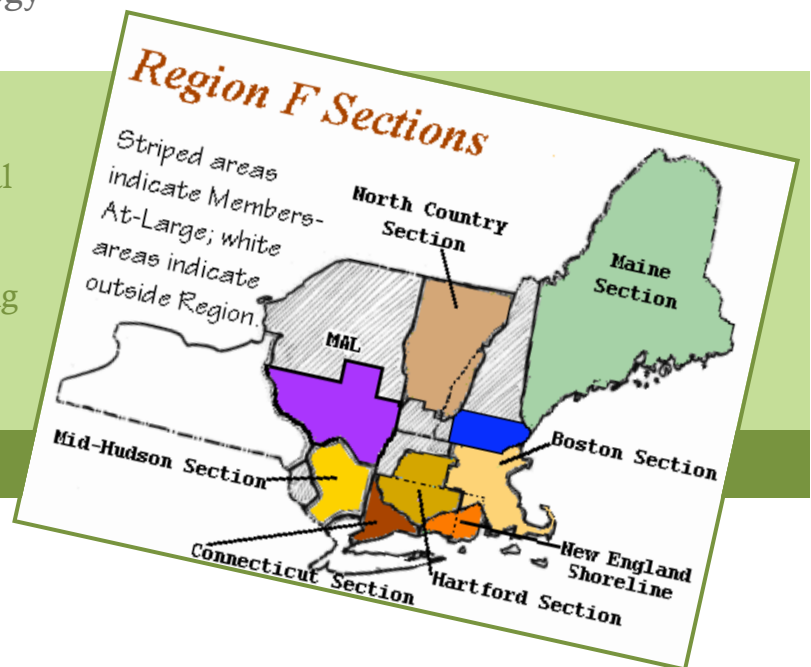

Roger Williams University

Olin College

Fairfield University

SWE's Mission

- Stimulate women to achieve full potential in careers as engineers and leaders
- Expand the image of the engineering profession as a positive force in improving the quality of life
- Demonstrate the value of diversity

About Cambridge, MA

Teeming with cafes, bookstores, and boutiques, Cambridge is often referred to as "Boston's Left Bank". Visitors can stroll the historically elegant Brattle Street with its outstanding collection of Tory mansions including the Longfellow House National Historic Site, a treasure chest of historic artifacts. For eats, whether your mood calls for a picnic by the Charles River with a basket brimming with imported cheeses and delicious deli fare, or your desires run toward a five-star dinner with exemplary service and unsurpassed ambience - you'll find it all, in Cambridge.

All attendants of the conference are encouraged to explore the city's culture and history.

Description and photos taken from the Cambridge Office of Tourism.

"Cambridge is the spirited, slightly mischievous side of Boston, located just a bridge away on the other side of the Charles River. Packed with international flair and a youthful vitality, Cambridge is a city where a counter-culture lives, classic culture thrives, and multi-culture is a way of life."
